Dear Mr. Urian:

This is to inform you that we have received a No Further Action (NFA) letter from the Bureau of Underground Storage Tank Regulations (BUSTR) regarding our site located at 82 Townsend Ave., Norwalk, Ohio (see attached).

I have been very pleased with the way your company has assisted us. Jason Grecco, especially did an outstanding job of communicating the various issues. He represented your company and himself in a very professional manner.

Now, the last phase is to remove all the monitoring wells from our parking lot and front yard. We are ready to start a large addition on our office building right where some of the wells are located. I would appreciate it if you could remove all the wells by March 13, 2002.

Sincerely,

Chuck Cleavenger
