Dear Rob:

Enclosed is a copy of the no further action letter from the state. I want to thank you, Phil, and your Company for all the help you have given to a "struggling to stay alive company" to get this release. We will probably discontinue operations in the near future unless there are some drastic changes in the computer market needs.

Thanks again, and if there is anything I can do in the future to help you let me know.

Sincerely Yours,

Wm. L. Musselman, Pres.
