RE: Risk Assessment Seminar
May 11,2000
The Fawcett Center - OSU Campus
Columbus, OH

Dear Troy:

I would like to express my deepest appreciation for inviting me to attend the "Human Health & Ecological Risk Assessment in Ohio's Voluntary Action Program" seminar on May 11th. With guest speakers from Ohio EPA and EnviroScience Inc., it was truly impressive!

Judging from the reaction of other Ohio VAP Certified Professionals in the audience, your firm is uniquely suited to perform risk assessments. I am hoping to be able to use the certificate earned at this training course as proof of continuing education for other certifications I maintain.

Again, thank you and BJAAM for offering this training.

Sincerely,

A handwritten signature in black ink that reads "Greg Smith".
